

JIAOGULANEX™

A NuLiv Science proprietary *Gynostemma pentaphyllum* extract (98% Gypenosides)

WHAT IS JIAOGULAN?

Jiaogulan is a member of the gourd family and grows in the Eastern regions of the world in China, Japan, India, and Korea. It's often referred to as "Southern Ginseng" due to its nutrient components - even though it's technically not a ginseng plant.

In 1976, Japanese scientists first isolated the key compounds in Jiaogulan, the gypenosides. From these investigations, scientists identified 82 unique gypenosides with 4 of those displaying the same structures as Rb1, Rb3, Rd, and F2 gypenosides in ginseng.

DELIVERS BENEFICIAL NUTRIENTS

4X SAPONINS AS PANAX GINSENG

NATURAL

VEGAN

NON-GMO

GLUTEN-FREE

Key Benefits

JiaogulanEx™ is a versatile adaptogen ingredient that may:

ACTIVATE AMPK & SUPPORT HEALTHY WEIGHT MANAGEMENT*

PROMOTES HEALTHY IMMUNE FUNCTIONS*

ENHANCE STRENGTH & PHYSICAL ENDURANCE*

Safety

JiaogulanEx™ consistently passes all California Prop 65 heavy metal requirements. Prop 65 has the most stringent heavy metal requirements in the USA.
